

Runway Safety presents:

**There is a twenty eight percent increase in Runway Incursions -
Wrong Runway Landings and Takeoffs**

At this month's Second Saturday, we're delighted to welcome Dr. Albert Atkins of the FAA's Runway Safety Office, who will look at Runway Safety and why it's of critical importance to all pilots.

Every successful flight starts and ends with safe runway procedures — Dr. Atkins will offer a look at the latest runway incursion statistics, and he'll also discuss situational awareness. Arriving at your destination is an accomplishment, but landing on the wrong runway or failing to navigate the airport environment are errors we can plan to avoid.

This month's Second Saturday gets underway on Nov. 12 at 1100 hours in the Education Hangar at Willamette Aviation. The event is certified for FAA Wings credit and there is no charge.

If you'd like a box-lunch (\$10), please call us (503-678-2252) before 1 p.m. on Friday, Nov. 11. We'll see you there, and thanks for being part of our Aviation Community!

Directions: DRIVE IN - Two miles south of Wilsonville, just off I-5. 1/4 mile south of Arndt Rd.

FLY IN - Taxi to the very north end of the Aurora airport. Park on the ramp between the fuel island and the FBO building.
AVOID OVERFLYING POPULATED AREAS.
